1. [redacted] of the DD/P complex, called regarding the General Craigie letter and Project [redacted]. He told me that he has been working closely with [redacted] who has been staffing this matter for Amory, and [redacted] is anxious to be kept informed of developments. I told him that DCI signed a letter to General Craigie on 10 January, stating that the matter would now be referred to the IAC. I suggested that [redacted] get in touch with [redacted] who is handling the IAC aspect.

2. DCI recently received a letter from Secretary Acheson, explaining why more restrictions are not placed on Soviet Attachés, two of whom were recently seen by [redacted] at a technical exhibit. This letter ended with the statement, "With your permission, I will refer this matter to the Attorney General (Director, FBI) ... ." I queried Bill Trueheart as to whether State Department was using a polite phrase and was announcing that this was being done, or whether State sought specific permission to pass this to the FBI. Trueheart said that State Department is seeking permission and would appreciate a memorandum giving this permission. As Mr. Amory had handled this matter, while Acting DD/I, I referred the entire thing to him.
